# ODW ELEKTRIK

## IS HIRING DATA ANALYST

2023

**ODW-ELEKTRIK** is a global manufacturer of cables for the automotive industry, based in Steinau, Germany. Currently it has production facilities in Germany, Hungary, Ukraine, Mexico and Macedonia and has about 3,000 employees.

As family-owned company of the three founding families, ODW-ELEKTRIK pays special attention to the care of its employees with clearly communicated policy of promotion and selection of managers by the company's own staff.

ODW-ELEKTRIK Macedonia was founded in Ohrid in 2014. Currently it has a production area of 9,000 m<sup>2</sup> and about 900 employees.

ODW-ELEKTRIK offers free transport for all employees, meal on the factory premises and provides free private health insurance, covering hospital treatment in all private hospitals in the Republic of Macedonia up to 10.000 euros per year per employee.

The salary for this position is competitive and will depend on the knowledge and experience of the successful candidate.

### JOIN OUR TEAM

The candidates who would fulfill the expectations of ODW-ELEKTRIK, can expect a successful career within the ODW-ELEKTRIK Group, in Macedonia or abroad.

You can submit your CV or motivational letter by e-mail: [Personalwesen-MK@odw-elektrik.com](mailto:Personalwesen-MK@odw-elektrik.com).

### WARNING

By submitting the CV, the candidate agrees to have the personal information processed according to the Personal Data Law.

## ODW-ELEKTRIK is looking for DATA ANALYST

### TASKS

- Become part of our global Data Analytics team under the technical leadership of our headquarters in Germany
- By creating data models, interfaces, visualization cockpits and dashboards, you will make a significant contribution to data-based process improvement in the cross-plant organization
- As a Data Analyst, you will provide coordinating support for the standardization of our reporting landscape and replace decentrally developed solutions with SAP Analytics Cloud
- Together with our central IT in Germany, you will further develop and administratively support the data warehouse and CDS view structure.
- You will support the optimization and administration of data flows from various ERP data sources and visualization interfaces and take on development tasks
- According to the specifications of the central IT of ODW-Elektrik, you will develop Data Analytics projects in cooperation with the project partners from the first request from the business unit, consulting, prototyping, implementation to GoLive

### REQUIRED QUALIFICATIONS & EXPERIENCE

- **Personality:** communicative, motivating, strongly team-oriented, pioneering spirit.
- **Working style:** independent, structured, analytical, pragmatic and goal-oriented, ability to work closely with non-technical teams
- **Experience and know-how:** several years of practical experience in the implementation of data analytics projects, knowledge of ERP, SAP, databases, data warehouse, data modeling, dashboard creation, ideally experience with SAP Analytics Cloud or similar as well as experience in IT project business or as a key user.
- **Languages:** Fluent English, both written and spoken. German language skills are an advantage.

### ADVANTAGES

- You will work in a friendly and cooperative working environment of a successful and long-term oriented family business with a modern business intelligence landscape - SAP Analytics Cloud as well as a SAP ERP S/4 HANA system landscape
- You can expect clear processes and responsible leadership
- Responsible employees with the will to perform and ambition will find almost unlimited development opportunities at ODW ELEKTRIK MACEDONIA
